

Recycled Robot Friends

A robot friend can make be the basis for story telling, friendship, and recycling. Here is the process:

1. Materials :
 - a. Collect materials that you have around the house including boxes, egg cartons, plastic bottles, Old discs, toilet paper and paper towel tubes.
 - b. Collect supplies to put the robot together: Bag ties, glue, scissors, pipe cleaners, wire, and anything else you think will help you
 - c. Paper and pen to draw a picture of what you want to design and to write a story about your Robot
 - d. An article or the attached video about Robots and the role that they play in our community.
